“ My sincere condolences to the entire family and friends of the late Richard uhring known as Rich  
He will be missed by many and I do empathize and sympathize with his entire families and friends

Richard was given to his families and friends for 70 years and has wore many hats he didn't just talk the talk but walk the talk and was a hands on person that have touched all lives he had came into contact with one way or the other with a very good sense of humor who never fail from reaching out to anyone without fear or favor , he will gave of himself without any expectation and will never put himself first place.

And most of all he never put financial gains as his priority even at his own personal loss.

To his loving daughter Lily much appreciation for the warm welcome you have given to me when I met you and your dad in June and allowed me to share his home .

I appreciate your thoughts and kindness in allowing me to care for your dad I wish that I had a magic wand to overturn his illness so he could have been with you a bit longer I shared your grief 😞 and I aware of pain and suffering of not having him around. I loss my dad at the age of 13 due to a tragic accident. He was only 37 years old. Feel free to reach out to me .

To all his families and friends it's OK to cry and in the years to come his memories will continue to lived on as he has left many legacies behind.

thanks to each and every one who was present to see him to the finish line I am still trying to accept him leaving us.

Last but not least.

My sincere thanks and gratitude to his brother Robert for delivering his promises that was requested by the late Richard 🙏 to see Richard made his journey home for 17 days and 16 nights and I personally will be indepted to you that this was accomplished
